## WORK HISTORY

- Currently, **learning and working on Core Java, Advance Java using Servlets, JSP, Hibernate and Spring Framework.**
  - Working in Bank of India since July 14, 2017 to till date in **Foreign Exchange Department (Trade Finance - Import Export and Bank Guarantees Section)** and using **Finacle** - a core **Banking Product** developed by **Infosys**.
  - Worked as **Assistant Systems Engineer (ASE)** in **TATA Consultancy Services (TCS)** from September 15, 2014 to March 22, 2016.(**1.6 years experience**).
  - Projects : Worked on two Projects which were developed in Java using Oracle's Application Development Framework(ADF).
  - Description:  
I was one of the Developers in the **Oracle Webcenter Portal Development** Team. There we worked on the Portal which was the main center point of collaboration of all other applications. I used to develop the screens using **Oracle Application Development Framework (ADF)** tags in **JDeveloper** tool, to show the data from the **Oracle Universal Content Mangement (UCM)** by storing data in the form of **CDFs**, to deploy the application, to resolve the bugs.
  - In addition, implemented **Browser Compatibility Testing, Resolution Testing** for the Portal.
  - Responsibilities: Understanding the Project Requirements, Technical & Functional Design, Coding, Testing, Deployment Support, Documentation Development
- Role : **Developer**

In Addition,

- Had three months Training in Assurance Domain (Testing). Learned **Java, HTML, CSS, Javascript, JQuery** and developed a small project using these technologies. Learnt **Manual and Automation Testing** using **Selenium, Unified Functional Testing (UFT)** using **HP Unified Functional Testing Tool**, Performance Testing using **HP Load Runner, Mobility Testing**.

## PROJECTS

- Worked on 'ONLINE TEST' project in CORE JAVA at Ritelinfotech Private Limited, Faridabad in six weeks Summer Internship.
- Worked on 'ECOPS:FIRST INFORMATION REPORT ON THE SPOT' project in .Net(C#) at CMC Limited (A TATA Subsidiary), Faridabad in six months Industrial Training.
