PERSONAL PROJECTS

thanks.com (07/2019 – Present)

- Thanks empower you to create a culture of recognition at work, with a platform that is fast to set up, easy to use and simple to govern. It is globally launched and used by companies worldwide. Worked as a backend developer for the project.
- <https://thanks.com/>

Microsoft Team Integration (07/2019 – Present)

- Integrated a tab and bot using Microsoft azure framework. Users can directly access features of thanks from MS Teams.

Open Event iOS App (06/2018 – 09/2018)

- iOS app of Fossasia to organize and book events. It is an open source app similar to Event Brite for event booking.
- <https://github.com/fossasia/open-event-attendee-ios>.

Bytepad Android and iOS App (10/2017 – 02/2018)

- Bytepad is android and iOS app for downloading previous year exam-papers and is used within college.
- <https://play.google.com/store/apps/details?id=in.silive.bo&hl=en>.
